

OCHCH PAC Endorsement Request

What is the OCHCH PAC

Since 1996, the Ohio Home Care & Hospice PAC has been a way for like-minded individuals — nurses, aides, therapists, home care and hospice professionals — to pool resources to have a greater impact on the political process for patients, businesses, and the state Ohio.

PAC Objectives:

- To promote and strive for the improvement of home care, hospice and community based care in Ohio.
- To encourage home health and hospice agencies to understand the nature and actions of the government, as to important political issues, and as to the records of office holders and candidates for elected office.
- To assist home health and hospice agencies organizing themselves for more effective political action and in carrying out their civil responsibilities.
- To support candidates for election to public office at the local and state levels who share the views of home care providers on issues important to the home care industry.

PAC contributions are provided voluntary by OCHCH members and do not come from membership dues.
